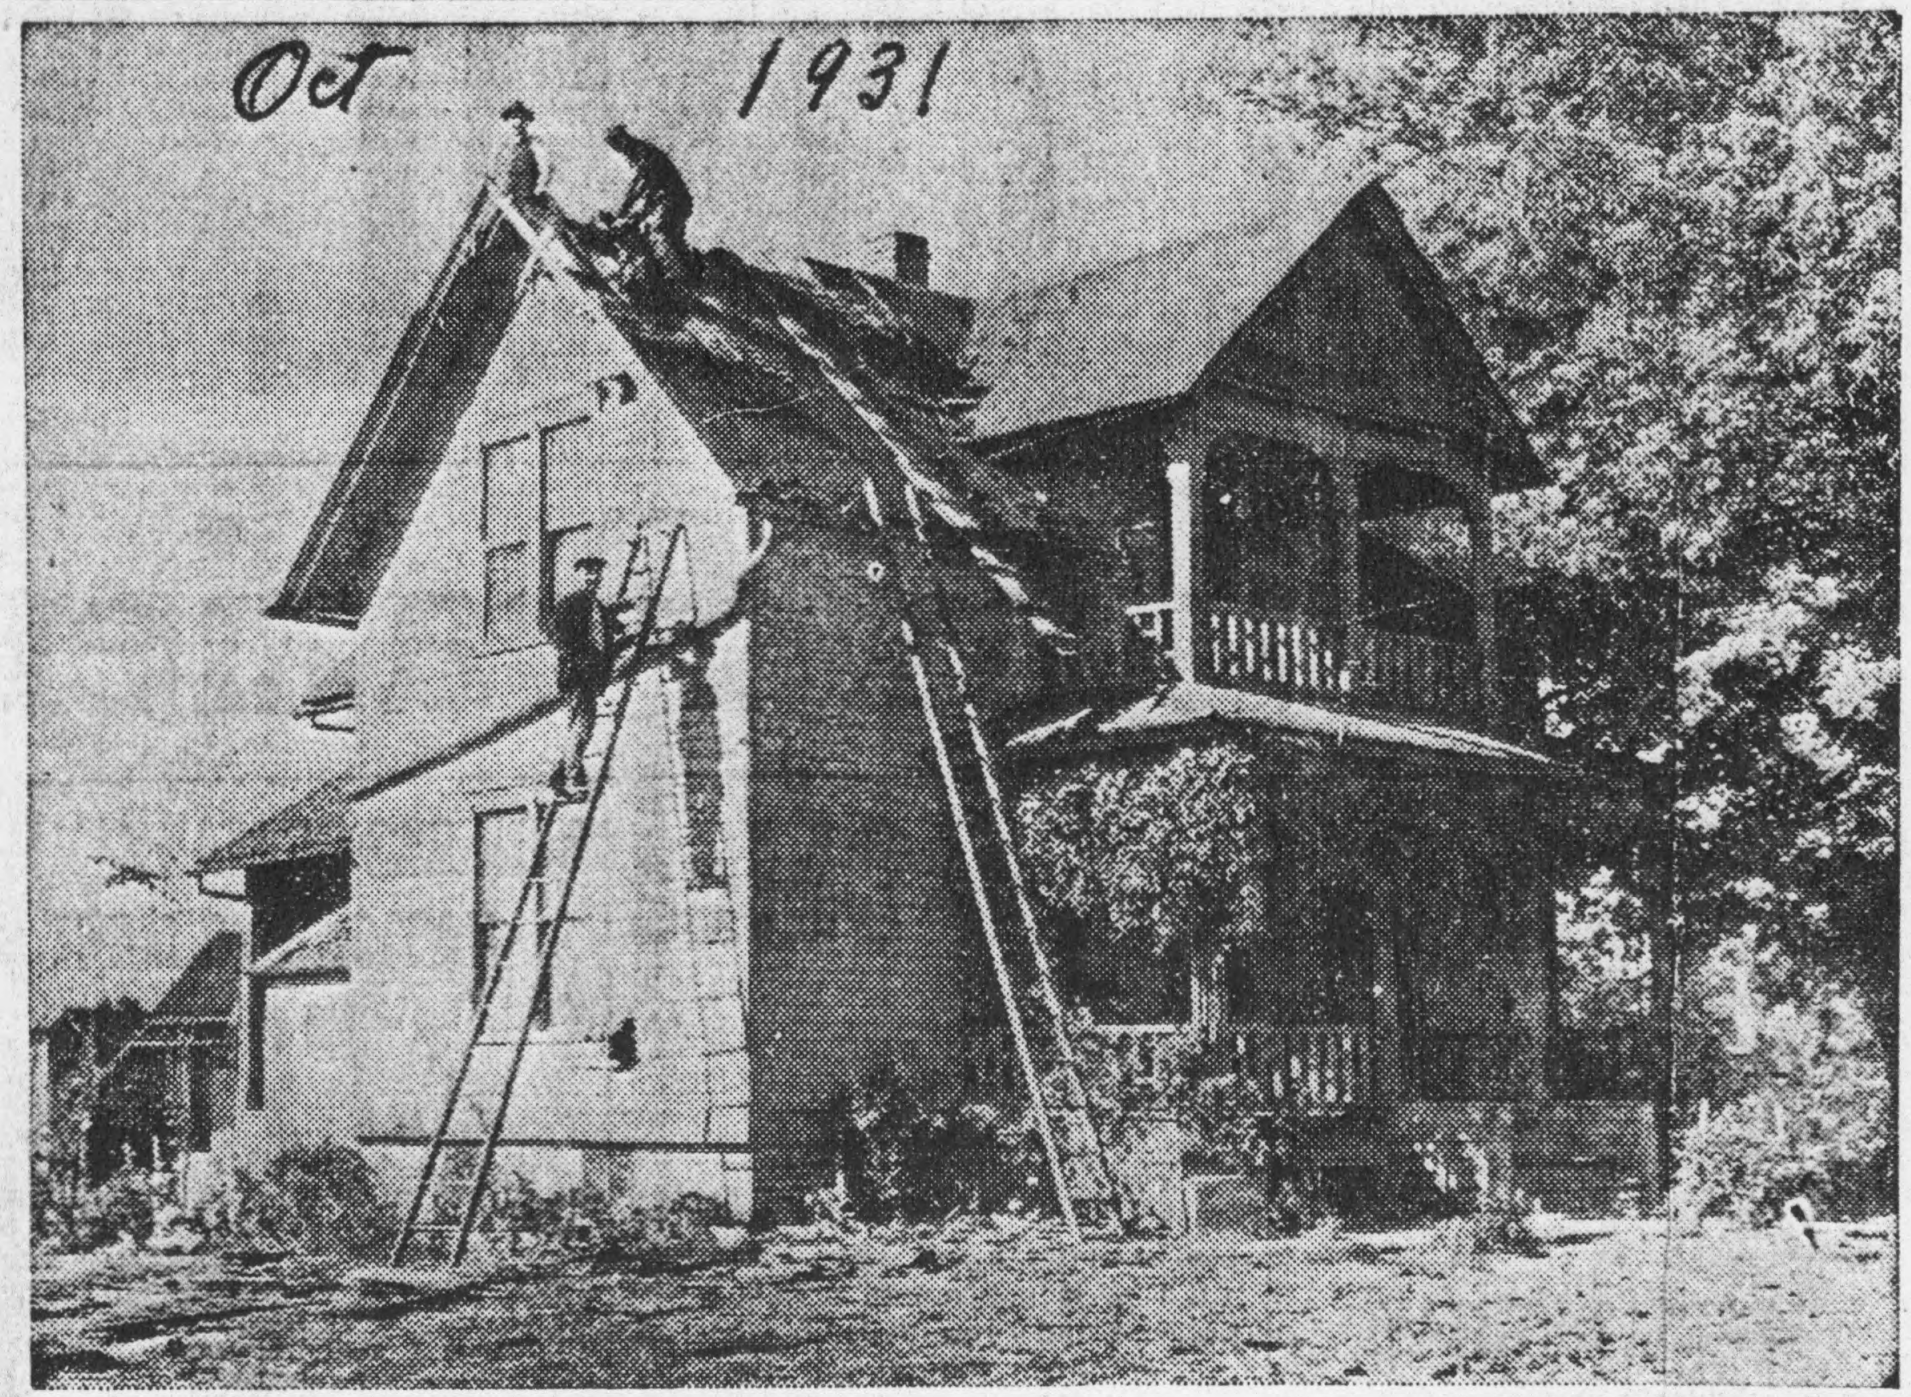
Mishicot Fire Laddies Save Home



[Herald-News Photography]

Prompt response by the Mishicot fire department Saturday night saved the home of Mrs. Sarah Mott, located just west of the village, from destruction by fire. The fire traveled from the living room between the studdings to the roof. Workmen were already repairing the damage today. Alfred Mott, a son, is seen on the ladder. He carried his mother from the smoke filled room after she fainted, while calling the fire department.
